Message from the CEO

Dear valued customers, partners, and team members,

It gives me great pleasure to welcome you to our company. As the Managing Director, I am honored to lead such a talented and dedicated team of individuals who strive to deliver the best possible products and services to our customers.

Our mission is to provide innovative solutions that address the challenges faced by our customers, while maintaining the highest standards of quality and customer service. We understand that each customer has unique needs, and we work closely with them to develop tailored solutions that meet their specific requirements.

I firmly believe that our company is only as strong as our team members and partners. That's why we invest in their training and development, foster a culture of collaboration and innovation, and build strong relationships with our partners.

We are committed to excellence in everything we do, whether it's in delivering products and services, maintaining strong relationships with our customers and partners, or contributing to our communities.

Thank you for choosing our company as your partner, and for supporting our commitment to excellence. I look forward to working with you to achieve our shared goals.

Sincerely;

Warm regards,

M.J.M
Chief Executive Officer
MAGARE COMPANY LTD

ABOUT US

OUT HISTORY. MISSION. VISION . CORE VALUES

ABOUT US

OUR STORY

Magare Company Limited is one of Tanzania's leading Electro-Mechanical Engineering companies. Established in 2013, we supply a wide range of industrial and mining spare parts, marine components, water and sewage treatment solutions, and high-quality lubricants.

We are certified under ISO 9001:2015, earning a strong international reputation for delivering independent, innovative, and high-quality products.
We have an impressive track record serving Mines, Major Industries and Factories, and Suppliers of wide range of equipment spares.

Our support from reputable Original Manufacturers (OM), and Major dealers in Africa, USA and UAE, has brought our competitors far behind from Magare Company Limited in product excellence and attitude of our team.

We have employed highly experienced staffs with wide ranging competencies in Electrical & Mechanical engineering and in Information and Communication Technology. We have the ability to deliver tailor-made solutions.

FOR OVER A DECADE, MAGARE HAS BEEN AT THE FOREFRONT OF ENGINEERING EXCELLENCE, DELIVERING CUTTING-EDGE ELECTRICAL AND MECHANICAL SOLUTIONS THAT POWER INDUSTRIES AND DRIVE PROGRESS

VISION

To be the leading engineering company in providing Mining and Industrial electro-mechanical Solutions in Africa.

MISSION

To Exceed clients' needs and expectation by providing high quality products and Services, delivering timely at affordable prices by partnering with the best Original Manufacturers

OUR OBJECTIVES

To carry on the business of merchant traders, in industrial and mining spare parts, Lubricants, Supplying of Water pips and fittings, Mechanical & Industrial Engineering. to import and sell all kind of industrial, Mining and marine equipment. commission, distribution, marketing, commercial, industrial, manufacturing and mercantile.

CORE VALUES

Our core values define who we are and how we do business. Our core values are incorporated in everything we do. To achieve our vision and mission, we are guided by the following core values:

SERVICE, PASSION, INTEGRITY, RESILIENCE, INNOVATION, TEAMWORK

INDUSTRIES WE SERVE

Mining

Power & Energy

Industrial Process

Railway

www.magare.co.tz

WHY CHOOSE US?

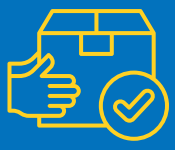
Up-to-date with the latest technologies, maintenance systems, and quality standards to reduce operational and maintenance costs

Highly trained and experienced team with strong industrial expertise

Knowledgeable sales team providing right product selection at competitive prices

Proven experience in Electrical and Mechanical contracting for commercial, retail, and industrial clients

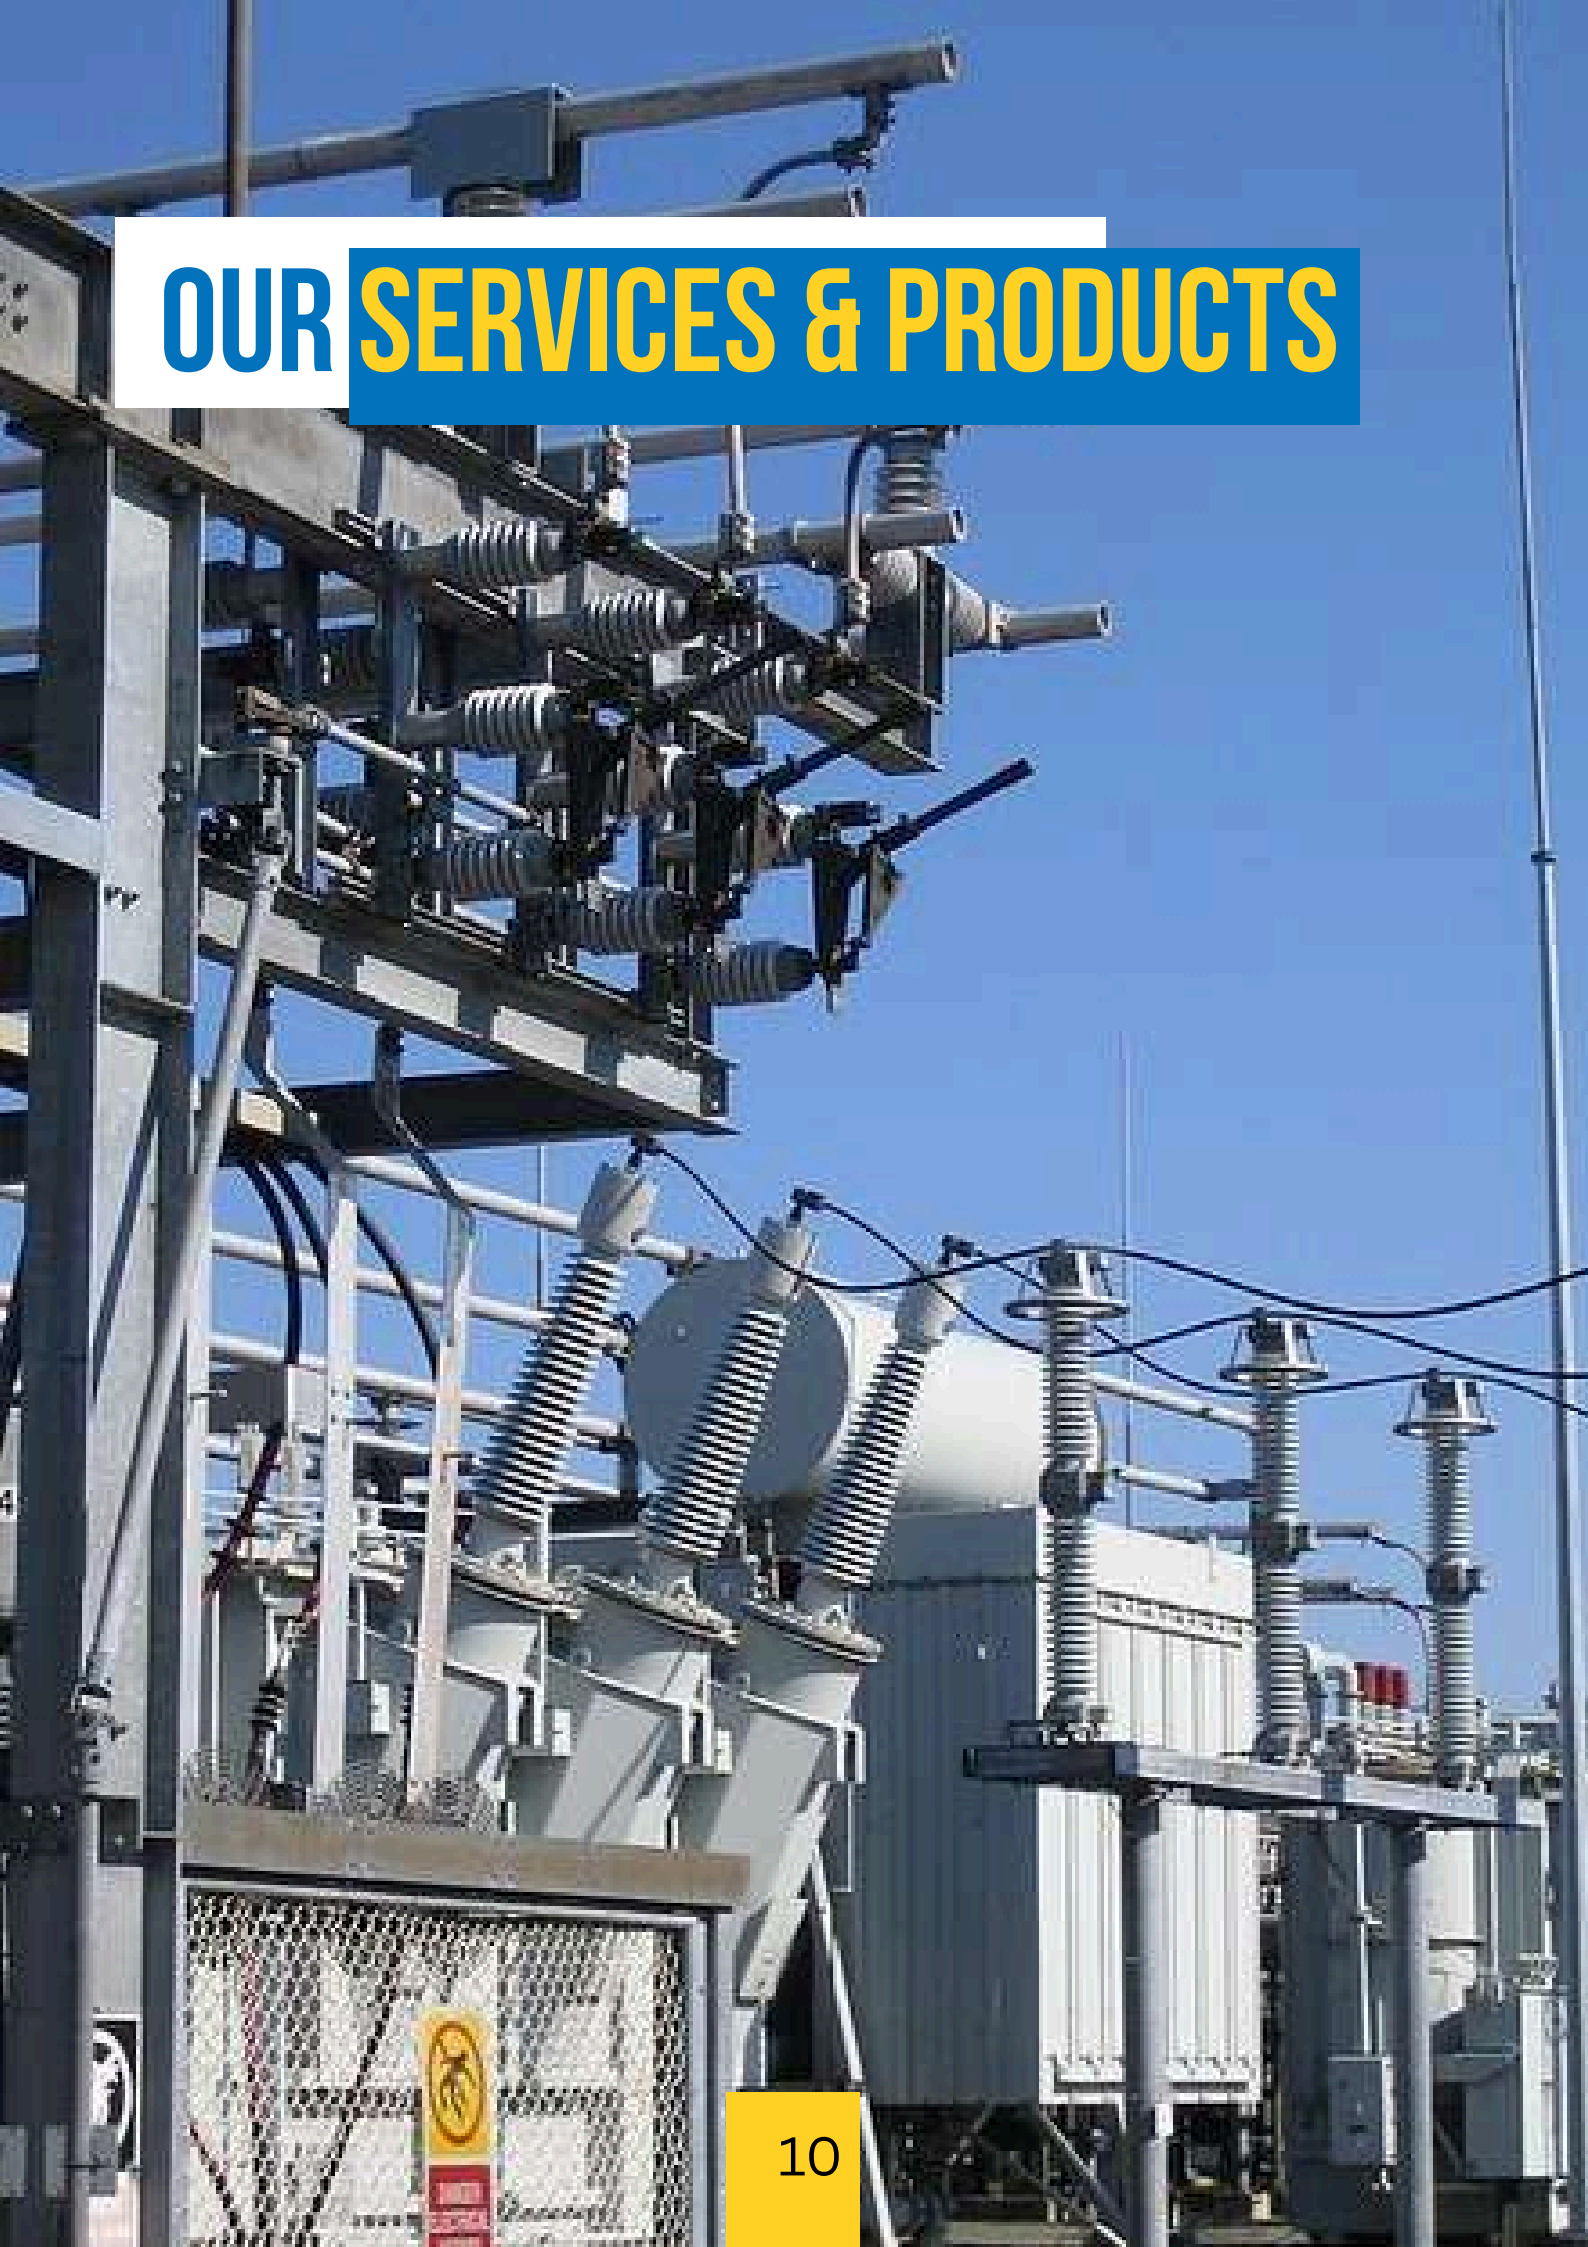
Strong focus on understanding client needs through effective communication



Structured and reliable delivery methodology for consistent project execution

Dedicated project managers ensuring quality, timelines, and client specifications are met

Trusted supplier with strong partnerships with leading global manufacturers



OUR SERVICES & PRODUCTS

ELECTRICAL ENGINNERING

ELECTRICAL ENGINEERING

ABOUT THIS DEPARTMENT

Magare's Electrical Engineering Department provides comprehensive electrical engineering solutions designed to meet the needs of Mining, industrial, and infrastructure projects. The department is fully registered with the Contractors Registration Board (CRB) under registration number E2/23/03/2020 and is staffed by a highly experienced team specializing in electrical installations, electronics, servicing, and maintenance. Magare delivers customized maintenance and engineering solutions that comply with regulatory requirements while ensuring high-quality workmanship, reliability, and cost efficiency within agreed budgets.

WHAT WE DO

- Motor rewinding and overhaul.
- Supply, installation, testing, and commissioning of HT, MV, and LV power transformers, switchgear, electrical motors, and VSDs.
- Construction, installation, and maintenance of HT/MV/LV transmission and distribution power lines.
- Construction and maintenance of HT/MV/LV substations.
- Lightning protection and earthing system installation.
- Fire systems inspection, testing, and servicing.
- Comprehensive troubleshooting, maintenance, and replacement of electrical and electronic systems

ELECTRICAL TESTING AND CALIBRATION INSTRUMENTS

To ensure accurate testing, diagnostics, and compliance with international electrical standards, we are equipped with a comprehensive range of advanced electrical testing and calibration instruments. Our tools support commissioning, maintenance, fault analysis, and performance verification across low, medium, and high-voltage systems. The instruments listed below enable precise measurement of power quality, insulation integrity, grounding systems, protection equipment, and process control parameters, ensuring safe, reliable, and efficient electrical installations.

- FLUKE 715/MA CALIBRATOR
- HASTING PHASING KIT 40KV
- TRANSACTS 710 RESISTANCE TEMP. DETECTOR SIMULATOR MOD. RTD 1000 T
- FLUKE 725 MULTIFUNCTION PROCESS CALIBRATOR AND PRESSURE MODULE
- FLUKE DRY WELL CALIBRATOR HART SCIENTIFIC DIV.
- FLUKE 199C/S SCOPE METER COLOR 200MEGAMETER 2.5G/S
- FLUKE MODEL 434 POWER QUALITY ANALYZER KIT
- FLUKE FLEXIBLE CURRENT TRANSFORMER
- 15KV MEGGER
- HIGH VOLTAGE CIRCUIT BREAKER ANALYZER
- TAN 40KV DELTA/DIELECTRIC DISSERTATION FACTOR
- TRANSFORMER OIL DIELECTRIC STRENGTH VOLTAGE BREAKDOWN VOLTAGE (BDV)
- CT AND PT ANALYZER
- MULTIMETERS DIFFERENT SIZES AND CAPACITY
- POWER CLAMP METERS UP TO 2000A
- EARTH RESISTANCE
- EARTH CLAMP METERS

ELECTRICAL SUPPLIES

Magare Company Limited supplies a comprehensive range of high-quality electrical equipment and power solutions designed to meet the demands of mining, industrial, marine, and infrastructure projects. Our electrical supplies include electric motors, drives, soft starters, MCCBs, control panels, and power transformers, engineered for reliable performance across diverse applications.

As a sole distributor and stockist of WEG Group electrical motors, Magare ensures consistent availability of products that meet international quality, safety, and efficiency standards. Backed by strong OEM partnerships and experienced technical support, we deliver reliable, cost-effective, and tailor-made electrical solutions that enhance operational efficiency and long-term system reliability.

WEG PRODUCTS

Magare Company Limited is the authorized distributor of WEG Group in Tanzania, supplying high-performance electrical and electromechanical solutions to industrial, commercial, and infrastructure sectors.

Our portfolio includes electric motors, VSDs, soft starters, MCCBs, generators, and power transformers up to 50 MVA for mining, manufacturing, utilities, oil & gas, and power generation.

We provide genuine WEG products with strong local support, including technical consultancy, engineering, commissioning, and after-sales service in compliance with IEC, IEEE, and ISO standards.

MECHANICAL ENGINNERING

MECHANICAL ENGINEERING

ABOUT THIS DEPARTMENT

Magare is fully registered with the Contractors Registration Board (CRB) as a Mechanical Works Contractor Class II under registration number M2/5/03/2020. The company works closely with building users, operators, and property owners throughout the project lifecycle to design mechanical systems that are practical, user-friendly, and easy to operate and maintain. This collaborative approach ensures that each system is tailored to client requirements, minimizes downtime, and delivers reliable performance while supporting efficient maintenance and long-term asset management.

WHAT WE DO

- Design, fabrication and installation of tanks i.e CIL tanks, Pre-Leach Thickeners, Detox tanks, Cyanide Mixing tanks, Ferrous Mixing tanks, Portable Water tanks, Process Water tanks, Diesel tanks, Silo Tanks etc.
- CIL tanks repair and maintenance.
- Steel structure fabrication, erection and mechanical equipment installation i.e crushers, mills, conveyors etc.
- Pipe works i.e HDPE pipe butt fusion welding etc.
- Elution control i.e: Painting and protective coatings.
- Mill relining i.e: Sag mill, ball mill, regrind mill and rubber lining.
- Design and installation of magnetic structures.
- NDT (Non-Destructive Testing) and Calibration.
- Manpower supply & Supervision Services.
- Container modification i.e; Portable Site Offices, Storage and Residence Containers.
- Machine hiring eg; crane, forklift and telehandler

ELECTRICAL TESTING AND CALIBRATION INSTRUMENTS

To support accurate inspection, condition monitoring, and performance evaluation of mechanical systems, we maintain a comprehensive range of modern mechanical testing and diagnostic instruments. Our equipment enables preventive maintenance, fault detection, alignment verification, material integrity assessment, and operational analysis across industrial machinery, vehicles, and rotating equipment. The instruments listed below ensure reliable testing results, improved equipment life, and compliance with applicable engineering and safety standards.

- VIBER X5- VMI HANDLED VIBRATION TESTING EQUIPMENT
- NDT ULTRASOUND TESTING EQUIPMENT
- MAGNETIC THICKNESS TESTER
- DIE PENETRANT NDT TESTING EQUIPMENTS AND CONSUMABLES
- STRATHOSCOPE TESTER
- TEMPERATURE SENSOR ANALYZER
- OIL AND GREASE TESTER ANALYZER (HYTEC TECHNOLOGY)
- LASER ALIGNMENT EQUIPMENT
- ENGINE COMPRESSION TESTER
- OBD 1 AND 2 VEHICLE TROUBLE SHOOTING EQUIPMENT
- UNIFLEX CRIMPER MACHINE FOR HOSE FITTINGS

MECHANICAL SUPPLIES

Magare Company Limited provides a comprehensive range of mechanical engineering supplies designed to support mining, industrial, construction, and infrastructure operations. Our portfolio includes lifting equipment, mill liners, crushers and crusher spares, along with a wide range of related mechanical equipment and components essential for efficient, safe, and continuous operations.

LINERS, CRUSHERS & SPARE

We supply premium crusher liners, Sag mill Liners, Ball mill liners engineered for durability, excellent wear resistance, and improved machine performance. Our liners ensure longer service life, reduced downtime, and consistent output for your crushing operations.

Manufactured using advanced alloy steels, manganese, high-chrome, and composite materials, our liners ensure optimal fit, performance reliability, and protection of critical equipment assets.

LIFTING EQUIPMENT

We supply a comprehensive range of lifting equipment and accessories from Elephant Lifting Equipment, including electric and manual hoists, trolleys, cranes, and a full selection of certified lifting accessories.

These solutions are engineered for safe, efficient, and reliable material handling, designed to meet international safety and performance standards, and suitable for demanding industrial environments such as mining, manufacturing, utilities, and infrastructure projects.

OTHER SUPLIES

In addition to our major supply lines, Magare Company Limited provides a wide range of supporting mechanical and electrical supplies to meet the diverse and evolving needs of mining, industrial, marine, and infrastructure projects. These complementary products are carefully selected to support installation, maintenance, testing, and operational efficiency across various systems.

OTHER SUPPLIES

PUMPS

- We supply a range of industrial pumps, including slurry, centrifugal, magnetic drive, borehole, submersible, diaphragm, and self-priming pumps for reliable fluid handling across industrial applications.

WELDINGS

- Arc Welding accessories, gas welding equipment, cuts master plasma, gouging torches & spares, welding generators, electrodes, welding cables and more.

PLUMMER BLOCKS

- Adapter sleeves, Fleet Seal, Cup Seals, Oil seals, O-ring Chords

VALVES

- We supply a comprehensive range of industrial valves and flow control equipment, including gate valves, electro-valves, globe valves (swing, tilting, stop, dual plate, lift non-return), angle globe valves, strainers, knife-edge valves, and pressure-seal gate valves. These products are designed to ensure reliable flow control, safety, and durability in demanding industrial and infrastructure applications.

OTHER SUPPLIES

COUPLINGS

- Euroflex High Speed Disk Coupling, Thomas Disk Coupling, Falk Lifelign Gear Coupling, Falk Steelflex Grid Coupling, Addax Composite Cooling Tower Coupling, Falk Wraplex Elastomer Coupling, Viva Elastomer Coupling, Omega Elastomer Coupling, Autogard Torque limiter Coupling.

HYDRAULICS

- Hosing, filtration & fitting Control Equipments, Cylinders, Tubes, Hoses, & Fitting, Filtration, Pumps & Motors

PULP /SLURRY HOSES AND PIPING SYSTEMS

- Supply pulp and slurry hoses and integrated pipe systems engineered to handle abrasive media, high solids content, and harsh operating environments, ensuring long service life, minimal downtime, and optimal system performance.

OUR PROJECTS

OUR PROJECTS

SAG MILL RELINING, BALL MILL RELINING AND RUBBER LINING

BARRICK BULYANHULU GOLD MINE

The safe removal and replacement of worn liners in SAG and Ball mills, thorough inspection and cleaning of mill components, and installation of new liners according to OEM specifications. Additionally, rubber lining services will involve removing old linings, preparing surfaces, and applying new rubber linings to chutes, pipes, and tanks to ensure proper bonding and durability.

THICKENER FABRICATION AND INSTALLATION

SHANTA GOLD MINE-MBEYA

Fabrication, installation, and testing work, for Pre-leach thickener Plate works, Structural steel, overflows, baffle plates and surface protection.

CIL TANK REPAIR AND MAINTENANCE

BARRICK NORTHMARA GOLD MINE

Welding leaks, replacing damaged parts, applying protective coatings, cleaning, and testing for compliance with site safety and industry standards.

DESIGN, FABRICATION, SUPPLY, INSTALLATION & COMMISSION OF LEACHING AND CYANIDE DETOXIFICATION TANKS

SHANTA GOLD MINE- SINGIDA

Design and construction of the processing facility covering crushing, milling, gravity, CIL, elution, and smelting circuits, plus fabrication, installation, and testing of Pre-leach, CIL, Detox, Ferrous, and Cyanide tanks, along with ancillary works such as structural steel, overflows, baffle plates, and surface protection

ELECTRICAL, CONTROL & INSTRUMENTATION WORKS AT MANTRA MKUJU RIVER URANIUM MINE

METC-PAULSAM

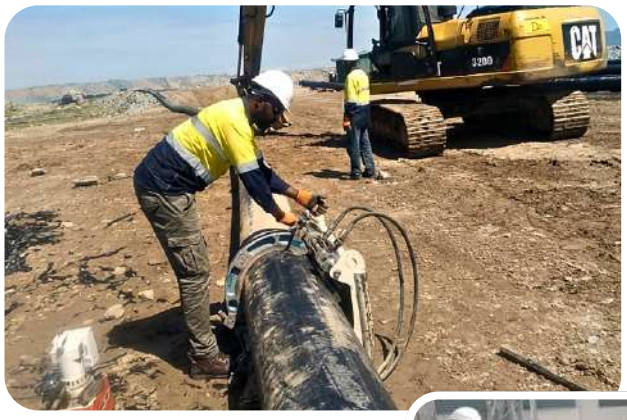
Supply, installation testing and commissioning of electrical and equipment, in addition, provide all required management, labour, materials, equipment, and services for the works.

OUR PROJECTS

INSTALLATION OF 450MM HDPE PIPELINE

BARRICK NORTH MARA GOLD MINE

Installation of a 450 mm HDPE Pipeline (PN 16 and PN 25), Including Supply, Laying, Jointing, Testing, and Commissioning of HDPE Poly Pipes from the Tailings Storage Facility (TSF) to the Rama Pit within the Process Plant Area



NEW WORKSHOP AND CAMPSITE PARKING SHED ROOFING WORKS

TEMBO NICKEL CORPORATION

Fabrication and installation of steel structures for new workshop and parking shed

SUBSTATION REVAMPING

ALAF LIMITED

Complete Substation Revamping with Installation and Commissioning of a 33/11 kV, 10 MVA Power Transformer, Delivering Enhanced Reliability and Network Performance.

33KV LINE REALLOCATION AND DECOMMISSIONING

PANGEA MIRERALS

33 kV Line Reallocation and Decommissioning of the Existing Distribution Line to Facilitate TSF (Tailings Storage Facility) Rehabilitation Works, Including Network Isolation, Safe Dismantling of Redundant Infrastructure, Installation and Energization of the New Line Route, and Restoration in Full Compliance with Utility Standards, Safety Regulations, and Environmental Requirements.

INSTALLATION, TEST & COMMISSIONING OF SUBSTATION

CHINT ELECTRIC

Installation, Testing, and Commissioning of a 15 MVA, 33/11 kV Power Transformer at Nyakato Substation, Including Complete Civil Works, Electrical Installation, Protection & Control Systems Integration, Pre-commissioning Tests, Energization, and Final Handover in Compliance with Applicable Grid Codes and Safety Standards.

INSTALLATION OF ELECTRICAL AND MECHANICAL EQUIPMENT - SGR

YAPI MERKEZI

Installation of Electrical and Mechanical Equipment for the Dar es Salaam–Morogoro Standard Gauge Railway (SGR) Marshalling Yard Project, Including Equipment Erection, Electrical Wiring and Termination, Mechanical Assembly, System Integration, Testing, and Commissioning.

PROJECTS IN PICTURES

OUR PATNERS

As the exclusive and certified distributor for Tanzania, we represent our regional supplier in delivering a complete range of solutions encompassing electric motors, variable frequency drives, soft starters, controls, panels, transformers, and generators from WEG.

Our is your ideal partner with a comprehensive range of replacement parts for leading brands of crusher and material processing equipment, Caldas Engineering .

We are distributors of Elephant Lifting Equipment in Tanzania, providing a comprehensive range of lifting solutions including electric chain hoists, lever hoists, wire rope hoists, trolleys, cranes, and related accessories.

As the authorized representative of Unique Welding in Tanzania, we deliver a comprehensive portfolio of high-performance welding and cutting solutions for industrial and commercial applications.

Re: APPROVAL OF THE LOCAL CONTENT PLAN FOR MAGARE COMPANY LIMITED

Kindly refer to the above-captioned subject.

2. The Mining Commission is pleased to inform you that your Local Content Plan submitted to the Mining Commission for Contractor Services to the Mineral right holders has been **approved** by the 27th meeting of the Local Content Committee held on 10th July, 2025. The approval has been granted as per Regulation 11(5) of the Mining (Local Content) Regulations, 2018.

3. Please be informed that the approved Local Content Plan is operative only for the period of one year from the date of this approval. In this regard you will be required to submit another annual Local Content Plan not later than 10th July, 2026. During this period, you will also be required to submit to the Mining Commission quarterly reports in respect to the performance of the local content plan.

4. Furthermore, in accordance to Regulation 37 of the Mining (Local Content) Regulations, 2018, you are required within sixty (60) days of the beginning of each year to submit to the Mining Commission an annual Local Content Performance Report covering the period from when your Local Content Plan was approved.

5. It is our hope that you will implement the plan effectively while taking into consideration all other requirements of Section 102 of the Mining Act Cap 123 and its Mining (Local Content) Regulations, 2018 as amended.

6. You are also reminded that non-compliance to Local Content Regulations will subject you to penalties as stipulated under these Regulations.

7. Thank you for your continued cooperation.
